Thermal Massage **Balls**

New Technology

Panasonic's latest innovation, featuring built-in thermal massage balls, creates warmth to ease swelling and sooth tense muscles. The technology applies the calming strokes of a masseur's warm, skillful hands, offering complete relaxation for tired, aching muscles.

*Heat from the massage heads may vary according to each individual's body temperature, massage areas, massage programs, clothing material and room temperature.

Massage balls move up and down the cervical spine. A gentle neck and shoulder massage eases stiff necks and aching shoulders.

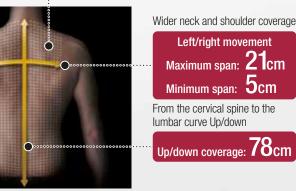

> Massage area covers a wide section of the back, as a soothing warm touch relaxes it.

"Repeat Massage" option concentrates kneading on a precise area.

Maximum protrusion of **12.5**cm Massage balls extend to reach 12.5cm. This ensures effective relief of shoulder stiffness
